The Gruenwald Town Board met April 19, 2011 at 7:00 pm at the town hall with all members present.

Chairman Robert Wintus called the meeting to order & the pledge was said. The clerk then read the minutes from March. A correction was noted to change wording to say quotes instead of beds for gravel & maintenance.

Richard Moore moved to accept corrected minutes Greg Lange second. Approved

Bruce Paulson attended to ask for a permit for a garage. Greg Lange moved to approve Richard Moore second. ~~Bob~~ Bob Hegner had approved plans. Permit was written.

Renewable Energy Dave Eide and Charlie Ohmann came get a building permit for wind turbine. Bob Hegner presented his bid for plan. He said he shopped with Scott Nelson from State of Minnesota Building codes & standards. The board felt this was not reasonable. Will do some checking before next meeting. Charlie said they are not going to do this until fall. So there is plenty of time. This would be an eq permit, as power will be used on farm.
